

# Do it right from the start – lessons learnt from my first circular procurement

## Quick facts:

Who?

Sysav

What?

Gypsum waste, 500 MT/year

Where?

3 different locations in southern Sweden

When?

Yesterday

Why?

Old contract expires and perfect candidate to move up the waste hierarchy

How?

Circular solution

Martina Thorsell,  
Procurement Officer

- What kind of circular procurement?
- How did it go?
- Which obstacles did we encounter and how did we go about it?
- What have we learnt for future circular procurements?
- Words of encouragement/tips/tricks to other fellow circular procurers?
